SUBJECT:		Region 9 perchlorate fact sheet

MESSAGE: Dear Annie:

Attached is the latest version of the Region 9 perchlorate fact sheet. I talked with Kevin about the language regarding interim guidance (page 2, para. 3, final sentence) and whether or not it is necessary for us to exactly match the forthcoming language in the ORD guidance memo to be sent out with the peer review report. I think the way this has been re-worded isn't in conflict with what NCEA would be saying, and if we receive questions on this point once the fact sheet is released, we can provide people with a copy of the final ORD guidance memo for additional clarification. We are anxious to finalize and print this piece.

Please review and let me know what you think. I will probably call you later today.

Thanks,

Catherine
